*Amedeo Ottaviani*

*Late Owner* **Hotel Regency Firenze & Hotel Lord Byron Roma**

The Hotel Regency, member of **Small Luxury Hotels of the World** since 2015, exudes an ambience reminiscent of the enchanting Regency Era, when Florentine aristocrats were enamored of art, creativity, the written word and an invigorating, lively life spent in good company.

Originally an exceptional Florentine villa overlooking a prestigious square at a 15 minutes walk from the Duomo, the home has been painstakingly restored in order to re-open as a 5 star boutique hotel. Each room is filled with history and dressed with elegant, sophisticated designs and deep hues. Our guests are able to feel at home at the Hotel Regency, where their needs are anticipated with discreet and personalized attention.

**A REAL FLORENTINE VILLA IN THE CITY CENTER**

When Florence was the capital of Italy, Piazza D'Azeglio was the prestigious neighborhood where high-powered ministries lived. These senior officials of the state built sumptuous villas, two of which now house the Hotel Regency.

Built in the second half of the 19th century in *neoquattrocentesco* style and commissioned by the banker James Servadio, the architect Henry Kleffer combined two homes with a modern approach. Revered interior designer Tito Chini decorated the villa in 1932. The Art Nouveau style has been meticulously maintained, and today guests can appreciate Kleffer's stained glass windows and the ceiling details in the dining room.

In 1960, the current owner converted the exceptional home into a luxury hotel.

- Boutique hotel with 31 rooms and suites finely decorated in classic Florentine style with valuable furniture.

- Located in one of the most elegant areas of the city center at walking distance from the Duomo, the Uffizi Gallery and all Florence's major attractions and landmarks.

- Urban Garden.

- Bistrot, Gourmet Fine Dining and Social Events at the Relais Le Jardin Restaurant.
